

# Year 5 Term Overview

## Term 4 2023

Aligned to the Australian Curriculum

At Hatton Vale State School, we believe that learning is a partnership between students, parents and teachers. These Learning Statements have been designed to provide families with what your child will be learning and assessed on this term.

### In English, students will:

- use reading strategies to develop their accuracy, fluency and comprehension including:
  - compare and contrast
  - recalling facts and details
  - distinguishing between fact and opinion
  - voracious reading (*frequently reading and re-reading a wide variety of texts*)
  - adjust and apply different reading rates
- listen to, read and view TV episodes and texts with a range of characters and involving flashbacks or shifts in time
- demonstrate understanding of the depiction of characters, setting, events and issues in a chosen TV episode and text
- create a written comparison of a text and the TV adaptation and justify their preference
- use a variety of sentence types, topic specific vocabulary and accurate spelling in their writing

### In Mathematics, students will:

- identify and use factors and multiples
- read and represent 24-hour time and convert between 12-hour and 24-hour time
- describe and order chance events expressing probability on a numerical continuum

### In Science, students will:

- investigate, compare and contrast the observable properties and behaviours of solids, liquids and gases
- represent data and observations in tables and graphs

### In Humanities and Social Sciences (HASS), students will:

- develop an understanding of the values of Australia's democratic system of government
- describe different views on how to respond to a community issue or challenge
- identify the importance of values and processes to Australia's democracy
- work with others to create a plan of action for a school identified issue

### In Health and Physical Education (HPE), students will:

- explore the skills, concepts and rules of 'soffe cross'
- apply the appropriate techniques required to cradle, scoop, catch, pass, and shoot in modified games
- explore concepts of health and wellbeing and the importance of healthy habits as a preventative measure
- investigate the benefits that contribute to healthy habits

### In the Arts, students will:

- rehearse and perform music they have composed by improvising, sourcing and arranging ideas and making decisions to engage an audience
- explore dynamics and expression, using aural skills to identify and perform rhythm and pitch pattern
- explore the purpose of music videos and work collaboratively to create a music video

### In AUSLAN (Languages), students will:

- use sign language to communicate appropriately by sharing and responding to questions
- Demonstrate how AUSLAN is a combination of signs, expression and body language
